About

At Bray, our business is helping our customers with their flow control requirements.

Bray International, Inc.

The High Performance Company

With over 30 years of continued success and global operations in over 40 countries, Bray is one of the premier manufacturers of flow control and automation products and accessories in the world.

Bray Around the World

Our Products

Our modular product line of valves, actuators and accessories offer the best compatibility, economy and quality performance in the flow control industry.
